Acne-Prone Skin

Acne-prone skin giving you trouble?

Regardless of what's causing your acne-prone skin – whether it's genetics, hormones, stress, menopause or the environment – YG Labs provides the precision skin care your skin needs to look and act normal again.

- Calm, comfortable, retextured skin
- Visible imperfections under control
- Brightness and complexion clarity is restored
- Pores that are purified and minimized

Tough on pores, gentle on your skin, our Acne-Prone Skin product selection features a series of powerful laboratory and dermatologist-tested ingredients. Together, they zone in on redness, dehydration and troubled acne-prone skin is empowered to improve like never before.

CATEGORY	PRODUCTS	SPECIFIC CONCERN	DESCRIPTION	USAGE
CLEANSERS ▶▶	AHA/BHA Cleansing Mousse	Acne-prone, congested, visible breakouts	Sulfate-free, exfoliating cleansing foam that slips past clogs in pores to deliver deep-penetrating purifying action in seconds. Fast-acting AHA exfoliators dissolve oxidized sebum while a time-released BHA is retained on the skin to dissolve cellular debris.	Massage 1-2 pumps onto skin and add water to lather for 30-60 seconds in AM/PM.
	Pore-Clearing Cleanser	Oily, comedogenic mild to moderate acne-prone	Sulphate-free, deep-cleansing gel, dissolves oil and impurities without drying the skin out. With New Zealand and Australian tea tree oil, willow bark and yucca.	Massage into dry skin and lather with warm water in AM/PM.
EXFOLIANTS ▶▶	BHA/Enzyme Surface Peel	Acne-prone, clogged, red, irritated, pigmented	Triple-action exfoliating peel and masque that gently lifts unwanted pigmentation, dead surface cells, and oxidized sebum from skin's surface with BHA, betaine salicylate, pomegranate and pumpkin enzymes.	Apply an even layer over slightly moist skin and leave on for 5-7 minutes. Remove with cool water or gommage.
	B3/Enzyme Exfoliating Crème	All, acne-prone, pigmented, sensitive, rosacea-prone, oily, combination	Gentle, smooth, and creamy non-granular exfoliant. Resurfaces and refines the skin for an ultra-smooth texture with papaya and pineapple enzymes. Softens comedones and eases extractions. Brightens and evens skin color with multi-tasking niacinamide. Minimizes surface lines and enlarged pores.	Apply an even layer over slightly moist skin and leave on for 10-20 minutes. Rinse with warm water. Use 1-3 times a week.
TONERS & MISTS ▶▶	Pore-Purifying Astringent	Congested, mild, moderate, and severe acne-prone	Gently exfoliates, brightens, clarifies, and minimizes pore size. Reveals fresh and radiant skin with the blend of naturally derived fruit acids, AHAs and BHA.	Use cotton pad to apply in AM/PM.
	Radiance Boost Exfoliating Freshener pH 4.0	Oily, dull, enlarged pores, dehydrated	Gently exfoliates, brightens, clarifies, and minimizes pore size. Reveals fresh and radiant skin with a blend of naturally derived fruit acids, AHAs (glycolic and lactic) and BHA – betaine salicylate.	Use cotton pad to apply in AM/PM.
TREATMENTS ▶▶	Rescue Gel	Breakouts, acne-prone, spot/area treat, pustular rosacea	Exfoliates and purifies pores. Dries breakouts quickly without irritating side effects. Supports skin's self-repair. Calms and eases visible redness. Retinoid and BPO-free.	Spot-treat over affected areas. Apply small amount of gel over affected pores. May be applied under or over moisturizer.
	Clear Skin Ultra Gel pH 3.9 Acid content 10%	Clogged pores, breakouts, oily, acne-prone	Fast absorbing treatment gel with a blend of three fruit acids (glycolic, lactic and salicylic) and skin purifying plant extracts. Keeps skin smooth, clear, and blemish free.	Apply over clean, dry skin in AM or PM. Follow with SPF in AM.
	Shine-Free Solution	Extreme oil-absorption and mattifying for slightly to extremely oily or acne-prone skin	Reduces oiliness and shine throughout the day while preventing breakouts.	Apply over clean skin before moisturizer in AM.
	Rapid Repair Surface Recovery Serum	Compromised barrier, laser treated, microdermabraded, microneedling, dermaplaning, sun damaged, over exposed, acne-prone, stressed, post procedure	Hyaluronic acid based serum that repairs micro-lesions post-procedure and accelerates the recovery of stressed skin tissue. Relieves signs of redness and discomfort. Carob seed extract, supports growth factor activity, while niacinamide, soothes and brightens.	Apply 2-3 pumps on treated areas in AM/PM.
	Activating Liposome Complex	Multiple imperfections, skin tone, dehydrated, combination, exposure to high levels of radiation, stressed, laser treated, sun exposed	Challenges skin to correct a variety of skin conditions and problems. Diminishes visible imperfections within days to weeks. Speeds skin recovery from laser, resurfacing, and other procedures. Beta glucans help support the skin's own repair process. Helps clear breakouts and discourages future problems. Reduces signs of ongoing sensitivity.	Apply to clean skin twice a day in AM/PM.
MOISTURIZERS ▶▶	Oil-Free Hydrating Fluid	Oily to normal, sensitive, rosacea-prone, acne-prone	Reprograms skin to hold more moisture without oil with MoistureZomes (moisture filled liposomes). Hours of hydration with panthenol and hyaluronic acid, without clogging pores.	Gently apply over clean skin in AM/PM.
	Soothe & Defend Hydragel	Oily, acne-prone, rough, flaking, red, visibly irritated, dehydrated, over-processed, problematic	Clears mild imperfections – smoothes and hydrates for a silky, matte finish. Calms visible redness – reduces signs of aging from inflammation. Calming, hydrating, purifying and cooling elements in this lightweight hydragel get control of sensitive, acne-prone skin that's been over-processed and dehydrated by common acne treatments – including benzoyl peroxide, retinoids, chemical peels, and light and laser therapies.	Massage a small amount over forehead, cheeks, chin and nose.
	Stress Recovery Complex	Sensitive and acne-prone, stress-breakouts, visibly red, aging due to stress, rosacea-prone, itchy, irritated, sluggish, lackluster, lined, wrinkled, dehydrated	Controls and limits skin's adverse reaction to stress with stress-response altering peptides. Targets stress-related aging and skin sensitivity. Rapidly improves hydration – keeps skin soft, moist and calm.	Apply 1-3 pumps of directly to freshly cleansed skin twice a day. May also be applied wherever skin feels or looks stressed.
EYE CARE ▶▶	Instant Firming Eye Gel	All skin types, puffiness, stressed	Firms, tightens, eases puffiness, and dark circles with high-performance peptides Eyeliss and Haloxyl, calming sea whip and energizing ergothioneine.	Gently pat around eye area in AM/PM.
	Firming Peptide Eye Crème	Eye area lacking firmness	Reduces the appearance of sagging, fine lines, and wrinkles with age-fighting peptides. Noticeably lifted and sculpted look.	Apply moderate amount around eye area in AM/PM.
MASQUES ▶▶	Zinc & Sulphur Masque	Oily, acne-prone, congested	Balances oil, clears imperfections. Great as blemish "spot treatment".	Use 1-3x a week in AM or PM; allow to dry and rinse well.
	Purifying Comfort Masque	Acne-prone, rosacea-prone, stressed, red, dehydrated	Purifies pores in minutes with BHA - betaine salicylate, meadowsweet and chinese licorice, while calming and easing visible redness with allantoin. Reduces irritation and encourages repair in over-processed skin, Accutane and Retin-A users, and pustular rosacea.	Use liberally over skin and leave on for 5-20 minutes; rinse well with cool water.
PROFESSIONAL TREATMENTS As recommended by professional esthetician ▶▶	Dual Enzyme Exfoliating Powder	All skin types, rough texture, milia, sun damage, hyperpigmentation	Smoothes, brightens, softens, and evens tone with bromelain and papain.	Mix equal parts Dual Enzyme Exfoliating Powder and Pumpkin & White Tea Activator until smooth. Apply under steam (except Sensitive/Rosacea Skin); remove with cool or warm water.
	Pumpkin & White Tea Activator	All skin types, oily, congested, hyper-pigmentation	Minimizes enlarged pores and eases extractions. Blend with Dual Enzyme Powder or with gel or clay masques to boost exfoliation.	
	GlySalLac™ Activator 32% pH 3.0 AHAs 30% BHA 2%	Resistant skin, enlarged pores, oily, clogged pores	Professional strength blend of glycolic, salicylic, and lactic acid. Resurfaces acid-resistant skin to an ultra-smooth texture.	Use cotton swab to quickly apply. Leave on for 1-5 minutes. Neutralize with cool water.
	Wheatgrass & Sage Purifying Masque	Oily, acne-prone, rough, flaky, clogged	Purifies pores, absorbs impurities, and degreases skin's surface with charcoal, bamboo, willow bark, wheatgrass and sage.	Mix 7 scoops of masque with 6 scoops of water in a rubber bowl with a spatula. Let set for 12-15 min.
